

Tronox Titanium Dioxide

Kosher and Halal

Tronox has not sought Kosher or Halal certification for its titanium dioxide products. With that said, Tronox titanium dioxide is a synthetic, or manufactured, product made by purifying and concentrating a naturally occurring titanium dioxide bearing ore. No animal-based ingredients or starting materials are used in the manufacture of Tronox titanium dioxide pigment.

Please contact Tronox product stewardship with questions regarding this statement, ChemProdSteward@tronox.com

August 2018

Tronox titanium dioxide may not be directly added to food, pharmaceuticals, or cosmetics. Tronox titanium dioxide may not be used for implantable medical devices used for life-sustaining or life-supporting applications in humans.

The information set forth herein is furnished free of charge and based on technical data that Tronox believes to be reliable, to the best of knowledge. Nothing herein is to be taken as license to operate under or a recommendation to infringe any patents. This information and our technical advice - whether verbal, in writing or by way of trials - are given to the best of our knowledge but without warranty, and this also applies where proprietary rights of third parties are involved. Our advice does not release you from the obligation to check its validity and to test our products as to their suitability for the intended processes and uses. The application, use and processing of our products and the products manufactured by you on the basis of our technical advice are beyond our control and, therefore, entirely your own responsibility. Our products are sold in accordance with our General Conditions of Sale and Delivery.
