

## Heavy Metals

Note that the below representation does not apply to TiONA® AT-1. Please contact your Tronox representative for information on the purity of TiONA® AT-1

Acid extractable testing (0.1M hydrochloric acid) of representative samples of TiONA® and TiKON™ products have shown the following are not present at the limits of detection listed in parenthesis: antimony (1 ppm), arsenic (5 ppm), barium (1 ppm), cadmium (1 ppm), chromium (10 ppm), lead (2 ppm), mercury (1 ppm), selenium (1 ppm).

Certificates of analysis from an accredited third-party laboratory are available upon request.

Please contact Tronox Product Stewardship with questions regarding this statement, [ChemProdSteward@tronox.com](mailto:ChemProdSteward@tronox.com)
